

MUSETTO BY LOVISON

CODE	80175
COUNTRY OF ORIGIN	Italy, Friuli Venezia Giulia
WEIGHT	Variabile da 400 a 500 g

'Musetto' produced only with friulano pigs

DESCRIPTION	Friulano pork
APPEARANCE	Nice light colour, dry to the touch
TASTE	Sweet, slightly leaner and softer than the other similar products
PRODUCER	Salumificio Lovison - Spilimbergo del Friuli (PN) - Friuli Venezia Giulia
OUR SELECTION	The thing we liked about Stefano and his dad Agostino was the seriousness and the passion for their work. The choice of processing the meat of the pigs bred at 20 km from the factory 'hot' charmed us because it takes us back to the farmers who in the past traditionally bred the pigs and processed the meat straight after slaughtering.
SUGGESTIONS	It must be cooked without drilling the gut, by immersing it in cold water, and brought to boil at low heat - for about 3 hours. Then remove the gut, cut and slices and serve. Delicious with mashed potatoes or on a slice of crusty bread
