Bloomy rind cheese produced with buffalo milk and pistachio

<b>DESCRIPTION</b>	Bloomy cheese made with Italian buffalo milk and stuffed with a thin layer of pistachio paste and pistachio grains
<b>APPEARANCE</b>	The rind is thin and white in colour, due to the presence of moulds; the paste is soft, without holes, slightly chalky in the fresher and creamier product in the mature one
<b>TASTE</b>	Slightly acidic, with pleasant lactic and animal sensations; the sweet, fragrant and toasted notes of pistachio are well balanced
<b>MATURING</b>	At least 10 days
<b>PRODUCER</b>	Latteria Perenzin - San Pietro di Feletto (TV) - Veneto
<b>OUR SELECTION</b>	A cheese capable of elegantly balancing the sweet and toasted notes of pistachio with those typical of buffalo milk. It is produced by Latteria Perenzin a dairy with 120 years of history, managed by Emanuela Perenzin together with her children Erika and Matteo
<b>SUGGESTIONS</b>	Excellent as a first cheese on a cutting board or to accompany an aperitif during the Christmas holidays
