PRODUCER	Casa Marrazzo - Pagani (SA)
OUR SELECTION	In addition to numerous tomato varieties, Casa Marrazzo produces a wide range of vegetables, all processed fresh and inspired by the most authentic Southern traditions. They are produced with respect for the environment - using clean energy, recycling water and packaging, and employing electric vehicles for the procurement of local raw materials - and for the people who work in the company
CURIOSITY	Casa Marrazzo's vegetables are grown in fields located in Pagani (near the company), Apulia, Sicily, Calabria, and Tuscany. Although some fields are not owned by the company, they are managed through supply chain agreements and, in any case, directly overseen by Casa Marrazzo's agronomists
SUGGESTIONS	Ideal simply on bruschetta or as a side for an appetizer. Delicious on pizza, they lend themselves to culinary creativity, including in the preparation of sauces, pestos, side dishes, and seasonings
