DESCRIPTION	Spreadable cheese made with cow's milk, flavored with horseradish
APPEARANCE	Creamy texture and easily spreadable with a spoon; the color of the cheese is pale white
TASTE	The presence of horseradish provides a bold, tangy flavor that is not overpowering but rather well-balanced
PRODUCER	Carozzi Formaggi - Pasturo (LC) - Lombardy
OUR SELECTION	For over 60 years the Carozzi family has been working in the mountains of Valsassina. Nestled between Lake Lecco and the distinctive Grigna, Valsassina offers unique microclimatic conditions that are ideal for cheese production
SUGGESTIONS	It pairs perfectly with Follador's rustic organic focaccia, but can also add a distinctive touch to many other dishes, such as chickpea hummus or an autumn risotto
