<b>OUR SELECTION</b>	In addition to numerous tomato varieties, Casa Marrazzo produces a wide range of vegetables, all processed fresh and inspired by the most authentic Southern tradition. These products are made with respect for the environment - using clean energy, recycling water and packaging, and employing electric vehicles for sourcing local raw materials - and for the people who work within the company
<b>CURIOSITY</b>	Casa Marrazzo's vegetables are grown in fields located across Pagani (near the company), as well as in Puglia, Sicily, Calabria, and Tuscany. Although some fields are not owned by Casa Marrazzo, they are managed through supply chain agreements and are, in every case, directly supervised by Casa Marrazzo's agronomists
